PROSPECTUS

"THE SOUTHERN PRESS."

A N ASSOCIATION of sixty-three members of Congress, Senators and Representatives, have constituted the undersigned a committee to superintend the establishment of a Southern Press at Washington city, to be devoted to the exposition and defence of southern rights and institutions, the dissemination of correct information as to northern policy, and the course of political affairs generally, without reference to the old party lines of Whig and Democrat. Arrangements are now in progress promptly to insure the issue of such a paper, under the title of "THE SOUTHERN PRESS."

"The Southern Press," for the conduct of which suitable editors have been engaged, who will also receive the aid of a number of eminent and able contributors.

There will be both a TRI-WERKLY and a WEEKLY issue, the latter to contain substantially the same matter as the former, and intended to reach those

A DALLY issue will be added hereafter, should i be deemed advisable or necessary by the press and people of the southern States.

The paper will not be exclusively political, but will embrace on its broad sheet the general news of the day, domestic and foreign, by mail and telegraph, commercial and agricultural intelligence, literary criticisms, original essays, literary and miscellaneous; and, in short, all those items of general interest the collected aggregate of which constitutes the interesting and valuable newspaper. Great care will be taken to give full and correct reports of the proceedings and debates in both houses of Congress, as well as the action of the local legislatures on the southern question.

A limited number only of advertisements will be received, the main object being to furnish a large amount of reading matter.

The paper will be printed on a sheet equal in size to those of the other Washington papers, and the material will be procured especially for the purpose.

TO PRINTERS A RARE CHANCE.

TO PRINTERS—A RAKE CHANCE.

THE SUBSCRIBER, wishing to engage in other business, offers for sale the Sulivan County Whis printing establishment at a very low price. The Whig has been published six years, and already has a circulation of nearly eight hundred paying subscribers. Its advertising patronage is better than that of most country papers, and the office has a liberal run of job printing. The press is a Washington No. 4 Imperial, of Taylor's manufacture, and is nearly new. The type and other material are as good as can be found in a majority of country offices, and all that is required for the business. The county is bordered by the New York and Eric railroad on one side, and is one of the most growing and prosperous of the southern tier. It has now a population of nearly 30,000, being an increase of one-third in the last ten years. For the past five years the official patronage has been in the hands of the Whigs, and the prospect is fair of its continuing so to be. Only one other paper (Locofoco) is published in the country, and that is located fifteen miles farther west. To a practical printer, or any person possessing the means, this offer affords a rare opportunity for investment, as the public patronage is rapidly increasing, and the prospect of making money never better than now.

As it is the wish of the undersigned to make immediate sale, those desiring to purchase would do well to communicate with him on the subject without delay; and any further information that may be desired will be readily given.

It being the object of the subscriber to sell, a fair and reasonable offer will meet with acceptance, and the terms of payment made easy.
